

Circular

It is impressed upon All Medical Superintendents that the Medical Officers whether on deputation basis from the Health Department or engaged on Academic Arrangement Basis are mostly to be utilized for clinical purposes. True it is, that the Medical Superintendents are also supposed to take care of the Administrative setup of their concerned hospitals, in order to cope-up with that situation Medical Superintendents are directed to make minimum use of AAB, Medical Officers for such purpose. Further, it has been reported from different quarters that the medical officers from Health Department or Academic Arrangement Basis have mostly developed vested interests by remaining at a specific place/postings for a long time without being touched/transferred which goes against the spirit of Administrative norms and amounts to trampling upon the rules and regulations.

Transfers being part of the service and is aimed at streamlining the system/inculcating the sense of discipline, thus there is no option left with the competent authorities to take measures as per law for streamlining the system by transferring the personnel who have been occupying the chairs for a pretty long time. It is again impressed upon all the concerned not to project the indispensable character of any officer/official as the officers/officials come and go and the system moves on.
